

WALK FOR Water

PRESENTED BY

CLEAN International

Protecting and providing clean water worldwide.

NOVEMBER 14, 2026

9:00–11:00 AM

**VENTURA COLLEGE
FOOTBALL FIELD TRACK**

4667 Telegraph Road
Ventura, CA 93003

ABOUT THE EVENT

Join us for a **Walk for Water!** It is a meaningful morning dedicated to raising awareness and funds for clean water worldwide. All ages are invited to walk in the steps of those who walk miles each day for clean water. All proceeds directly benefit communities in need across the US and the world.

**Join the community in making a lasting difference
for communities around the world through
water conservation and water access projects!**

WHY WATER?

Over 2 billion people
— nearly 25% of the
global population —
do not have access
to clean, safe water.

For many families,
clean water is the
only water available
to drink, cook,
and bathe.

Access to clean water
improves health,
education, and
economic opportunity
for entire communities.

**Sustainable water
solutions today**
create healthier
communities and
brighter futures.
